amprinting SERVICES

Present a professional image for your business with AM Printing Services.

With a proud reputation as Tamworth's friendly printers, the McIntosh family have been providing quality services to the Tamworth district since 1979.

Keeping pace with the ever-changing world of printing technology, AM Printing offers a diverse range of services designed to assist a small business operator, corporate or someone just wanting a 'one-off' job.

Our full range of services includes not only printing and graphic design but incorporates the full spectrum such as rubber stamps, photocopying and finishing services. An extensive range of promotional products helps keep your name at the forefront for potential customers and as a unique way to say 'thanks' to your existing clientele.

Prices

All prices include GST and are indicative only, they do not include artwork or extra setups that may be required.

Prices are subject to change without notice.

Quotes requested on products are valid for 30 days.

Quantities

Minimum quantities apply to most Promotional Products.

For digital printing we do not have minimum quantities, however, larger quantities are usually more cost effective.

Samples

Sample prints are available for most products, however, for some products, this may be at cost to the customer.

Production Time

Production times vary depending on the job.

Please let us know if you have a date you require your job for and we will endeavour to suit your timeframe.

Artwork

We charge artwork at \$80/hour.

For supplied artwork specifications please go to 'Supplied Artwork Specifications' in the back.

Custom Commercial & Personal Services

Visit AM Printing Services for a wide range of professional printing services tailored to meet your needs. We pride ourselves on quality, speed, and affordability. Here's a brief overview of the services we provide:

Digital Printing: High-quality full-color digital printing for a variety of materials including flyers, brochures, posters, and business cards.

Offset Printing: Precision offset printing for larger print runs, ensuring vibrant colors and sharp details for items like catalogs, magazines, and bulk marketing materials.

Custom Design: Our experienced graphic designers can create eye-catching designs for your print projects, from logos to full marketing campaigns.

Business Printing: We offer business essentials like letterhead, envelopes, notepads, and custom invoices with your branding.

Personal Printing: We offer personal items like custom greeting cards, invitations, stationery, calendars, labels, address sticker, homemade art prints, family newsletter, custom postcards, thank-you notes and much more.

Large Format Printing: Large posters, banners and signs for both indoor and outdoor use. Perfect for trade shows, events, and advertising.

Binding and Finishing: Professional binding options such as spiral binding, saddle stitching, and perfect binding to give your documents a polished look.

Copying Services: High-speed black-and-white or color copying for documents of all sizes.

Scanning: Preserve important documents with our scanning services, including digital file conversion

Promotional Products: Customize promotional items like Cooler, mugs, pens, and more with your logo or design for branding and marketing purposes.

Packaging and Labels: Create custom packaging and labels for your products, enhancing your brand's visibility and professionalism.

Finishing Touches: Laminating, foiling, embossing, and die-cutting to add that extra flair to your materials.

Consultation Services: Our knowledgeable staff can provide guidance on paper selection, design choices, and cost-effective solutions to meet your specific needs and budget.

Rush Services: We understand deadlines are crucial. Ask about our rush services to ensure you get your materials on time.

Pickup and Delivery: Convenient options for picking up your orders or having them delivered to your location.

At AM Printing Services, we're committed to delivering outstanding results for all your printing needs. Whether you're a business owner, a student, an event organizer, or an individual with a unique project, we're here to bring your ideas to life.

Stamps

We offer a variety of items, including Common Seals, Justice of the Peace stamps, Postage Paid stamps, Self Inking stamps, Traditional Stamps, Large Pre Inked stamps, Daters, Teacher Stamps, Metal Self Inking stamps, as well as refill pads and bottles to ensure the flawless operation of your Self Inking Stamps.

Self Inking Stamps

5 ink colours available:
blue, black, green, red and violet.

Replacment ink pads available.

T4912 - 47mm x 18mm **\$52.00**

T4913 - 58mm x 22mm **\$60.00**

T4915 - 70mm x 25mm **\$72.00**

T4926 - 75mm x 38mm **\$90.00**

Many more sizes available

Pre-Inked Stamps

Available with black ink only.

Black ink refill bottles available.

UM26 - 97mm x 34mm **\$111.40**

UM30 - 97mm x 46mm **\$121.00**

UM32 - 71mm x 59mm **\$121.00**

UM34 - 97mm x 72mm **\$158.40**

Re-Inking

It is very important to use the correct ink when re-inking your Pre-Inked Stamp as use of the wrong ink will damage the stamp text plate and therefore reduce the life of the stamp. The ink used in the Pre-Inked Stamps is different to the ink used in the Self-Inking and Rubber Stamp range. The Ink for Pre-Inked Stamps is an oil based ink whereas the ink for Self Inking and Rubber Stamps is a water based ink.

Duplicate / Triplicate Work Books

NCR docket books come in different types, including invoices, receipts, orders, delivery notes, and purchase orders. They eliminate the need for carbon paper and are used for various business record-keeping purposes, making them essential tools in industries like retail, hospitality, manufacturing, and logistics.

Supplied Artwork Specifications

To ensure the integrity of your design, we encourage artwork to be supplied to AM Printing Services as a print quality **PDF**.

We have provided a quick checklist to assist with the efficient processing of your artwork.

- Cut marks (true to final size)
- External Bleed (min. 5mm outside cut marks)
- Images - Min. 300dpi @100%
- CMYK files or Spot Colour
(Please refrain from saving in RGB, as this color mode may not accurately reproduce when printing with CMYK toners.)
- Fonts – either outline or embed fonts
- Pages supplied in sequence
(we will take care of the imposition)
- Spell check

If you experience difficulties and need assistance with your artwork preparation, please contact us on (02) 6765 4199.

File Formats

We prefer all artwork to be supplied as **PDF**. However we support the following file types:

- EPS
- JPEG or TIFF
- Adobe Illustrator (Fonts & linked pictures included)
- Adobe InDesign (Fonts & linked pictures included)
- Adobe Photoshop
- MS Word, PowerPoint or Publisher
(for text/copy purposes only, file size under 6MB)

Note: We cannot guarantee files supplied in Microsoft Word, Microsoft Publisher or Microsoft PowerPoint will be visually correct or the same when we open it on our computer.

File Resolution

The higher the resolution, the better the picture quality, but don't go too far. The best rule we suggest is

create your artwork at 300dpi at final size. Often you don't have control of your image resolution because it is determined by the setting when the image was originally captured.

If unsure contact us on (02) 6765 4199.

Font Handling

Although we carry thousands of licenced fonts, we may on the rare occasion be unable to match exactly with your special request. Therefore, we recommend that you outline or embed your selected fonts within the program you use to create your finished artwork. This way we can print them as you intended them to appear.

Page Files

If you are providing artwork for a multi-page booklet or brochure, kindly submit it as a multi-page PDF with each page in sequential order. Please avoid submitting an imposed PDF with pages arranged out of order to accommodate the printing process.

Note: To create saddle-stitch booklets, it's essential that page numbers are multiples of 4. Each printed sheet accommodates 4 pages, ensuring a smooth and cohesive booklet without any unintended blank pages.

Paper Selection

Paper selection will greatly influence the integrity of your print. We recommended that you contact one of our designers to discuss your objectives to ensure the ideal type and weight of paper is selected to best represent your design and finished product.

Canva Users

Canva is a popular graphic design tool that allows users to create various types of designs, including print-ready PDFs. Here are step-by-step instructions on how to save your artwork as a print-ready PDF in Canva:

Complete Your Design:

Start by creating or finishing your design in Canva. Ensure that all elements, text, and images are in the correct positions and are formatted as you want them to appear in the final printed version.

Set the Correct Page Size:

Before saving as a print-ready PDF, make sure your canvas size matches the dimensions you intend to print. To do this, click on the “File” menu at the top left corner of the Canva interface and select “Page Setup.” Choose the appropriate page size, such as A4 or A5, or enter custom dimensions.

Bleed and Trim Marks:

If your print job requires bleed (extra area for cutting) and trim marks, ensure you’ve extended your design elements beyond the canvas edges. Many professional printers request a bleed of 3mm. You can enable trim marks in Canva by going to “File” > “Show Print Bleed.”

Check Resolution:

For print-ready PDFs, it’s essential to have high-resolution images and graphics. Aim for at least 300 DPI (dots per inch) to ensure your print looks sharp and clear.

Save as PDF:

When your design is ready, click on the “File” menu again, and this time, choose “Download.” In the dropdown menu, select “PDF - Print” as the file type.

Choose PDF Options:

Canva will open a dialog box with options for your PDF. Here’s what to do:

Set PDF Quality: Choose “Standard” for most print jobs, or select “High” if you need the highest quality.

Include Bleed: If you’ve added bleed to your design, make sure this option is enabled.

Crop Marks: Enable this option if your printer requires crop or trim marks.

Click “Download”:

After configuring the PDF options, click the “Download” button. Canva will generate the PDF file.

Save Your File:

Choose where you want to save your print-ready PDF on your computer or cloud storage, and give it a meaningful file name.
